

01> In Waku VDC, TSW have formed active parents Teachers Association in 12 schools.

- I> Each school 2 days training to teachers & 1 day to active parents teachers Association about the rule and responsibility.
- II> A good environment of interaction between parents and teachers about the quality education & to provide education to all children.
- III> This training helped to deliver quality education to children and added responsible on parents toward schools and their children.
- IV> It will enable the community people to have ownership over the schools and make it run sustainable way.
- V> Our basic library provides many students a good access for extra knowledge as there is no any facility of library in any schools till now.

02> Running women Adult literary class in Waku VDC for three months

- I> Adult literacy class provide basic skill of reading and writing which can be useful in their daily life business.
- II> Women are built confident that they can play important role in their society, through the discussion in the class with some good example.
- III> They can exchange their ideas and views through open discussion and can think about something productive.
- IV> Women are encouraged to participate in social activities, planning & decision making etc.. in the class .

03> In Waku VDC we have established a livelihood training program for women.

- I> There are 9 different women groups are formed.
- II> These women groups will be representative of community.
- III> They are getting basic life skill training which include knitting and swing training.
- IV> They are making school uniform and selling them to local students so they are doing income generating activities.
- V> Also they will be provided micro-credit training; this will enable them to start any kind of new job with the loan available in their group
- VI> They will be provided additional leadership training for sustainable livelihood

Above all activities are currently under way with great success, we are continue innovating ahead for sustainable livelihood.
